ORDER

10-cv-558-bbc

A status conference was held by telephone in this case on July 29, 2011, to determine plaintiff's counsel's ability to go forward as counsel for plaintiff, Darlene Marie Archibald. Plaintiff's counsel, Linda Mueller, participated along with Michael Modl and Daniel McAlvanah, counsel for defendants.

Ms. Mueller informed the court and opposing counsel that she is substantially recovered from the respiratory problems that plagued her over the last 10 months and believes she can provide plaintiff a vigorous representation. She stated that she had reviewed the work she has done so far and assured the court that she will not be seeking permission

to do any of it over. She stands by plaintiff's deposition, which was attended by substitute counsel. These representations satisfy me that she will be able to carry out her duties to plaintiff during the remainder of the litigation.

If at any time counsel wish to engage in mediation to settle this case, either Peter Oppeneer, Clerk of Court, or the Honorable Philip Reinhard would be available to work with them.

Entered this 29th day of July, 2011.
