

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF WISCONSIN

UNITED STATES OF AMERICA,

ORDER

Plaintiff,

03-cr-133-wmc

v.

RYAN K. JONES,

Defendant.

Defendant Ryan K. Jones pleaded guilty to charges of possessing a listed chemical (pseudoephedrine) used to make methamphetamine and conspiracy to manufacture methamphetamine. On December 23, 2003, the district court sentenced Jones under the applicable United States Sentencing Guidelines to a total of 328 months in prison. Jones now has filed a motion to modify his term of imprisonment pursuant to 18 U.S.C. § 3582(c)(2) and a retroactive change to the United States Sentencing Guidelines (Amendment 750), which altered the drug-quantity table found in § 2D1.1 of the Guidelines and lowered the base offense level for crack-cocaine offenses as of November 1, 2011. (*See* Dkt. # 35.) After considering the entire record, and the government's response, the motion will be denied.

The record confirms that Jones was sentenced only for conduct involving methamphetamine and its precursor, pseudoephedrine. Thus, the retroactive change to the sentencing guideline for crack-cocaine offenses does not apply to him. It follows that Jones is not eligible for a reduced sentence under 18 U.S.C. § 3585(c)(2).

ORDER

IT IS ORDERED that defendant Ryan K. Jones's motion for a sentence reduction under 18 U.S.C. § 3582(c)(2) (dkt. # 35) is DENIED.

Entered this 29th day of April, 2013.

BY THE COURT:
