Plaintiff Epic Systems Corporation has moved to seal its complaint in this lawsuit in order to protect the confidentiality of sensitive information. *See* dkt. 1. Good cause having been adequately proffered, the court will grant the motion at this time with directions to plaintiff immediately to file a public version of its complaint from which the sensitive information has been redacted. The court will revisit the need and scope of this order at the preliminary pretrial conference after the complaint has been served and the defendants have appeared and answered or otherwise responded.
